

**Post-doctoral Fellow**  
**University of Alabama, Birmingham, School of Medicine**

Title: Post-doctoral Fellow

Location: Birmingham, AL

Employer: University of Alabama at Birmingham School of Medicine

Summary: Starting as early as July 1, 2015, a 2-3 year position will be available to investigate mechanisms of antifungal immunity in the lung. Specific projects include: (i) B cell-mediated T cell activation, (ii) ILC2 cells in host defense and (iii) chitinases and macrophage activation. Successful candidates should have a Ph.D. degree and ideally a background in immunology or microbiology. Interested candidates should email their CV with the names of three references to [chadsteele@uab.edu](mailto:chadsteele@uab.edu). Applicants MUST be T32 eligible.
